NOTICE!

To the Democrats of Kentucky.

FIRST.—A primary election will be held on May 9th, 1903, for the purpose of electing the officers of the County Democratic Committee. In each and every voting precinct throughout the Commonwealth of Kentucky, between the hours of 6 o'clock a. m. and 4 o'clock p. m., standard time, under the primary election law of this State.

SECOND.—That in said primary all known Democrats of lawful age, and all Democratic youths who will be of lawful age on the 3d day of November, 1903, shall be entitled to vote.

THIRD.—That in cities where registration is required the registration used at the last general election shall be used in this primary, and all those registered as Democrats shall be entitled to vote in this primary, and in addition to those registered all Democrats residing in the precinct, who for any cause failed to register at the last general registration, and all Democrats who have moved into the precinct since the last registration, and all Democratic youths who will be of lawful age on November 3, 1903, shall be entitled to register with the officers of election in their respective districts, and upon taking an oath they will be legal voters in said precinct at the November election, 1903, shall be entitled to vote in this primary, and the officers of election in each precinct in cities where registration is required shall preserve the record of all voters who have registered with them as above provided.

FOURTH.—That the officers of election shall be appointed by the Democratic County Committee throughout the Commonwealth, and shall in each county be apportioned among the contesting candidates as nearly equal as can be done. In case the local committee in any county fails or refuses to act and appoint the officers of election as above provided, or in the event that complaint is made to this committee that the officers of election as appointed by the said local County Committee are not appointed among the contesting candidates as above provided, or are not suitable or fair officers, then this committee has the right to hear and determine said complaint and if it is well founded, then this committee has the right to take charge of and appoint the officers of election in all such counties where the local Democratic Committee fails or refuses to act, or where complaint made is found to be well founded, and appoint the officers of election as above provided.

FIFTH.—That upon the application to the local County Committee by any candidate named above, he shall be permitted to have a challenger at the polls in each precinct, and an inspector of the count of the ballots in each precinct in said county; but said committee shall not be required to appoint more than five inspectors of the count for any one precinct.

SIXTH.—It shall be the duty of the officers of election in each and every voting precinct throughout the state, at the close of the polls, to count the ballots cast in their respective precincts, and to certify to the Democratic County Committee of their county the result of the vote in detail, giving to each candidate the number of votes received by him in their precinct and to transmit with their certificate and the ballot stubs, all questioned ballots as the law directs, to the County Committee.

SEVENTH.—It shall be the duty of the Democratic County Committee to meet at the county seat in their respective counties on the 12th day of May, 1903, and tabulate the result of the election in their respective counties as certified by the officers of election in the various voting precincts in their county, and to pass upon all questioned ballots returned to them by the precinct officers, and to certify to the chairman of the Democratic County Committee at Frankfort, Ky., the number of votes cast in their respective counties for each candidate for office before said primary not later than May 20, 1903.

EIGHTH.—It shall be the duty of the Democratic Executive Committee to meet in Frankfort, Ky., on the 30th day of May, 1903, and tabulate the result of the election in the various counties for the various offices as certified by the local Democratic County Committees, and to declare that candidate receiving the highest number of votes cast for the office for which he is candidate, the Democratic nominee for that office, and to certify the same to the Secretary of State, as the law directs.

NINTH.—It shall be the duty of the precinct officers of election to preserve the ballots and to transmit them to the County Democratic Committee of their respective counties, to be preserved by them, as the law directs.

TENTH.—The County Committee shall appoint the officers of election herein provided for, not less than twenty days before the date of the election, and shall cause a list of same to be published in a newspaper of general circulation in their counties not later than the week following their appointment, if such newspaper is published therein, and to have them properly notified of their appointment as such, as the law directs. If the local committees fail or refuse to make the appointments by the time fixed herein, then this committee shall at once make such appointments and shall cause the same to be published, and the officers of election notified as above directed.

ELEVENTH.—All Democrats desiring to become candidates for state or county office before said primary shall in writing notify the chairman of this committee of such intention, and this committee in such written notice the office for which he desires to be a candidate, not later than April 1, 1903, and upon the receipt of such notice it shall be the duty of the chairman to at once notify the candidate of the assessment he is required to pay in order to entitle him to have his name placed upon the ballot as a candidate for the office to which he aspires, and in the event of the failure or refusal of any one desiring to become a candidate before said primary, to make known such intention or desire on or before the date above designated, and to pay the assessment assessed against him as above provided on or before the 9th day of April, 1903, then the name of such candidate shall not be printed upon the ballot. The assessment for the various offices is fixed as follows:

For the office of Governor..... \$2,500
Lieutenant Governor..... 600
Attorney General..... 1,800
Auditor..... 2,300
Treasurer..... 1,800
Secretary of State..... 1,800
Superintendent of Public Instruction..... 1,800
Clerk of the Court of Appeals..... 1,800
Commissioner of Agriculture..... 1,700
Total..... \$16,000

In the event that a candidate for any office named above has no opposition, then he is required to pay the entire assessment fixed for that office; and in the event there is more than one candidate for any of the above offices, the assessment for that particular office is to be equally apportioned among the candidates for such office, i. e., if there is only one candidate for any given office, say that of Treasurer, then he shall be assessed the full \$1,800; and in the event there are two candidates, they shall each be assessed \$900, and in the event there are three candidates, they shall each be assessed \$600, and so on. In the event there is a surplus remaining after defraying all the expenses of said primary, it shall be returned to those by whom it was paid, in the same proportion in which it was paid by them, and in the event that the expenses of said primary are greater than \$16,000, then the cost thereof over and above said sum is to be paid by the successful candidates in the same proportion in which they were assessed, and it is the duty of the local County Committee in each county to certify to the chairman of the State Central and Executive Committee at the same time the official vote of the county is certified, the cost of said primary in their respective counties.

TWELFTH.—As a necessity may arise, the sub-committee is authorized to adopt such rules and regulations and to do all acts and things as from time to time may be necessary, to insure the faithful and fair conduct of said primary, not inconsistent with the primary election law of this state or with the report here submitted.

THIRTEENTH.—Be it further entering

suit of the election in the various counties for the various offices as certified by the local Democratic County Committees, and to declare that candidate receiving the highest number of votes cast for the office for which he is candidate, the Democratic nominee for that office, and to certify the same to the Secretary of State, as the law directs.

FOURTEENTH.—As the present party organization was chosen in 1900 for four years, it is the sense of this committee that no convention need be held during this year, and that the party organization, as at present constituted, should stand till the convention is called to send delegates to the National Convention in 1904.

FIFTEENTH.—That a copy of this report shall be printed and posted at the court house door in each county in this Commonwealth, and that at least twenty copies shall be furnished to the local County Committees in each county in the Commonwealth, to be posted by them in their respective counties not less than forty days before the date of said primary, to wit: May 9, 1903. That all Democratic and other newspapers throughout the state who will publish this primary shall be given as much publicity as possible.

ALLIE W. YOUNG,
Chairman State Executive Committee.
Attest: **PERCY HALL,** Secretary
State Executive Committee.

ANNOUNCEMENTS.

For State Treasurer.

We are authorized to announce H. B. HENNINGSEN, Wayne county, a candidate for the office of State Treasurer, subject to election of the Democratic party.

Gov. Ridd, at the Columbia meeting, in launching Hon. W. R. Hearst's boom for the Democratic nomination for the Presidency, said in part: "And we, Mr. Bryan, in the West have as our champion, the man who we believe has done most for the cause of the common people; the man who, in the fight when the treasures deserted you, came to your succor and stood an able lieutenant under your orders; the man who has spent more money and done more in aiding the cause of the plain people in these United States than any other man; the man, who has fought all his life for a national eight hour law, for an income tax, for national appropriations, for schools; the man who in court and out of court has fought the trusts, who has risked his mighty papers in the interest of organized labor; who has flooded the United States with journals that daily speak to millions, the doctrines preached by Bryan and the fathers; the man who furnished the evidence that forced that President and Congress to act on the subject; the man born in our State and a native son, whom we regard as one of the greatest of the times. He is William Randolph Hearst, Congressman, of New York, the only private citizen thanked by a vote of a legislature of a sovereign State for his efforts in a common cause."

Three checks for the sum aggregating \$1,329,999 95 were turned over to Gov. Beckham last Friday afternoon by Capt. C. C. Calhoun. The checks were drawn by the Treasury Department and represent the interest accumulation for money furnished by Kentucky to the Federal Government from 1861 to 1865. With this money Gov. Beckham will advocate the wiping out of the State's bonded debt of \$1,000,000.

At Versailles last Friday Judge Cantrell decided the test case decided in the Woodford Circuit Court, that Gov. Beckham is eligible to re-election and granted a mandamus requiring Chairman Young to place his name on the ballot to be used in the Democratic State primary. The case is now before the Court of Appeals and a decision is expected this week.

Some of the "Lily White" Republicans of Alabama have been receiving letters, threatening violence. The letters are supposed to be the result of a secret meeting held by two negroes a few nights ago.

Col. Ed Porter Thompson, a gentleman, who was well known throughout Kentucky, is dead. He served the State one term as Superintendent of Public Instruction, and during the civil war he fought for the South.

The closing of the Indiana Glass Works knocks four thousand men out of employment. Trust and combines knock everything. They are "it" and "she."

Twenty-five thousand buttons are now being sold to Kentuckians at \$1.00 each to aid in a State exhibit at the World's Fair. This is an easy way to raise funds. Take a button.

The candidates for Circuit Judge and Commonwealth's Attorney in this district have not yet agreed upon the time and place for making nominees.

VREELAND LOOKS LIKE A WINNER.

Nearly All the Democratic Newspapers of Kentucky Indorse Him as the Best Man for the Place.

Among the Democratic State candidates who are working a fine impression is Hubert Vreeland, who, as nearly everybody admits, is making a runaway race for State Commissioner of Agriculture before the primary on May 9. Mr. Vreeland's advantage comes in part from the fact that he is the present chief deputy under Commissioner Nali, and has had four years experience in conducting the affairs of the office. He is strongly indorsed by Col. Nali, who will retire at the end of a term and return to his old home. Col. Nali says that Vreeland is unquestionably the man for the place, and is urging all his former friends to vote for him. Mr. Vreeland has been indorsed by more of the county newspapers than any other candidate for any office to be voted for in the State primary, more than half the democratic press declaring him to be the man for the place. The agricultural papers of the State have also indorsed him over all his opponents.

Mr. Vreeland was born in Washington county, but was reared in Barren county, where he lived until his removal to Kentucky to engage in agricultural work. The agricultural papers of the State have indorsed him over all his opponents.

Here are a few of the remarkably large number of indorsements Mr. Vreeland has received:

Glauco Times: "Mr. Vreeland is well qualified for the duties of the office, and will no doubt receive the nomination."

Hancock Chronicle: "It is not believed that a better man for the place has or will offer. Mr. Vreeland's qualifications are capable and he is prudent and cautious gentleman as well."

Clinton Democrat: "He is a worthy man, and is being for one of the most important offices to be filled at the next general election."

Boston Tribune: "Mr. Vreeland is a prominent and capable man, and we take pleasure in presenting his claims."

Bowling Green News: "Mr. Vreeland has been the Assistant Commissioner for the past three years, is thoroughly competent, a good Democrat, a deserving man, and no better selection for the position could be made."

Franklin Favorite: "The editor of the Favorite knows Mr. Vreeland, and gladly indorses all that is claimed for him."

Leitchfield Gazette: "Mr. Vreeland looks an easy winner."

Lebanon Enterprise: "The Enterprise respectfully submits Mr. Vreeland's claims to the office with the remark that, if Mr. Vreeland is elected, it is our belief that the farmers of Kentucky will never have cause to regret the selection."

Horse Cave Gazette: "We are satisfied that the Democracy cannot find a better man for the office, if it can find one as well equipped."

Hartford Herald: "His qualifications are not approached, and we heartily commend him to the voters of Ohio county as a man in every way qualified and deserving of the place."

Smith's Grove Times: "Mr. Vreeland's experience as Assistant Commissioner of Agriculture, and his thorough knowledge of the needs of the farmers, peculiarly fit him for the office. He is a good man, and should be elected."

Elizabethtown News: "Mr. Vreeland was born in Washington county and consequently claims a recognition throughout the district. He has an extensive acquaintance throughout the State, and will make a strong race in the State primary, May 9."

Spencer County Courier: "Mr. Vreeland is well equipped for the office to which he aspires and his candidacy will bring forth loyal support in this section of the State."

Somerses Journal: "Being a Democrat competent and trustworthy, are three points which entitle any man to fair consideration. We confess to a partiality for Hubert Vreeland."

Tribune County Democrat: "Vreeland is a friend to the farmer; and he looks to be a winner."

Winchester Democrat: "Mr. Vreeland is a splendid man for the place, a Democrat, a man who knows the needs of the agricultural interests and how best to promote them. He already knows about the office what it would take a new man half his term to find out."

Grant County Courier: "Mr. Vreeland is already perfectly familiar with all the duties and details of the office, and, if nominated, and is now looking like he will, be well make a strong candidate and a good officer."

From the above expressions it will be seen that Mr. Vreeland's popularity is not confined to a particular locality but is general over the State. We consider in the opinion of our brother newspaper men, and cheerfully state that in our opinion there is not a better man for the place. He has had several years experience in the office, besides he is an elegant gentleman and a Democrat in whom there is no quibble.

CAMPBELLVILLE.

A son of Noble Rafferty, living near Springfield, was killed by a horse on Sunday, February 25. He is about 18 years old. His skull was fractured and the wound was considered fatal. The last heard of him he was alive, but no hope of recovery.

Mr. Newton Smith, of Adair county, was in town two or three

days of last week. He said he was 50 years old and had not needed the services of a doctor for 50 years. Your correspondent remarked in an "incoherent" way that that probably accounted for his longevity. Whereupon, Mr. Smith and some bystanders, including a doctor, indulged in smiles of considerable duration. Mr. Smith is active, hale and hearty.

A man named Eugene Barries was arrested here by a U. S. Marshal and carried handcuffed to Lebanon for examining trial, the result sending him to Covington for further trial. He is said to be an old offender.

Mrs. Roseman, the estimable wife of Rev. J. B. Roseman, pastor of the Campbellville Baptist Church, has been critically ill for a week or more. At one time it was thought she could not recover. At present she is better with reasonable prospects of recovery. Their infant daughter, four days old, expired on Friday last. Warm-hearted and sympathizing friends extended all the aid possible to the afflicted family. The mother of Mrs. B. reached here from North Carolina on Friday. Mr. Roseman and family came here from that State.

The growing wheat crop is looking well.

Gov. Beckham has appointed Dr. R. W. Haselwood magistrate in first district. The one elected last election removed out of the district.

John S. Chisholm, aged 82, died of heart trouble and grip at his late residence on Stoner's Creek in the eastern part of the county on the 5th inst. He served in the civil war and was a pensioner.

Mrs. Anna McMahon, through her attorneys, Messrs. J. T. Collins and Hugh Cooper, has sued a number of reputable Taylor county citizens for burning her property which was located on the Columbia and Campbellville pike. She was accused of selling whiskey and keeping a disreputable house.

Several of our farmers started their plows last week but the rain came and plowing stopped.

The Joppa correspondent is evidently alive to his interests for he wants the hog law. All well informed and progressive people want this law. The people of this Magisterial district will have an opportunity to support or oppose either the hog law or general stock law before the close of the year. Those who are behind this movement are not asleep and are making preparations to put up hot and successful fight. If reason and common sense will accomplish anything the hog law will carry by an overwhelming majority.

THE METHODIST SCHOOL.

The following is a report of the Educational Board held in Louisville last Thursday afternoon. From this report, which we take from the Courier-Journal, it will be seen that the work on the school building will be commenced at an early date.

The Board of Education of the Louisville Board of the Methodist Episcopal Church at the meeting held yesterday afternoon and evening at the Walnut street Methodist church decided to begin at once the erection of a preparatory school at Columbia, and if possible to open the doors to students in September of this year. The board has decided that \$10,000 should be expended for the grounds and buildings and that the school should have an endowment fund of \$10,000. Mrs. Catherine A. Wilson bequeathed \$6,000 to the endowment fund, and the board has determined to raise the additional \$4,000 deemed necessary for the proper conduct of the institution.

Those in attendance at the meeting yesterday were the Rev. R. W. Browder, of Bowling Green, chairman; the Rev. Geo. Alexander, of the Rev. W. M. Thomas, of Henderson; the Rev. W. C. Brandon, of Elkton; Rev. A. P. Lyon, of Elizabethtown; the Rev. C. B. Payne, of Columbia; W. F. Lloyd, of the Rev. Joseph T. Chandler, of Franklin, and Messrs. M. O. Hughes, of Bowling Green; D. B. Estes, of Russellville, and J. E. Hume, of Columbia. Messrs. W. W. Bradshaw and C. S. Harris, of Columbia, were present as visitors.

The gentlemen from Columbia reported that the members of the Methodist Church and citizens generally of Columbia had raised over \$6,000 for the building of the school and expected soon to be able to give the board the necessary \$10,000. It was then decided to begin the work of construction as soon as the plans could be completed and to raise the endowment fund to \$10,000. An Executive Committee composed of Messrs. Browder, Lyon and Lloyd was appointed to take charge of the matter and look after the business of the school until it was ready to be opened. A second committee composed of Messrs. Alexander, Lloyd and Lloyd was named to consider the question of a faculty and to make the necessary appointments at the proper time.

The board passed resolutions thanking the citizens of Columbia and Adair county for their interest in the school and extending the board's congratulations on the ease with which the money for the erection of the school has been raised. The school will prepare to receive the first class of students in September of this year. The work is expected to be in preparing boys for Vanderbilt University.

The following is an exact copy of the matter entered to record:

Whereas, the fact that certain friends in Columbia, signs of the board guaranteeing to the Educational Board \$7,000 for the school building and grounds, have expressed a desire to have definite assurance from the Board as to the securing of a \$10,000 endowment fund, and \$2,000 building fund for said school, from the Courier-Journal, the Board hereby makes the following statement of facts and purposes:

1. At the session of the Conference in Columbia last October, 1902, the Board volunteered to offer to provide \$2,000 to be raised in the Conference district, and to be applied to the building fund. In its report to the Conference, the following language was used:

"The Board believe that the amount can be raised, and is willing to undertake the same with your co-operation in order to carry these plans into effect. We first of all request the appointment of Rev. Chas. B. Payne as Financial Agent of this Board, who will first work within the district of the Columbia District to assist in raising the amount required, and then go outside the District to raise the \$2,000 and collect subscriptions directed to the Board."

This request of the Board was unanimously ratified by the Conference, and the Bishop appointed Rev. C. B. Payne to the work. He is now engaged in this cause, and it is the full purpose of the Board to have him or some other good man in the field until the amount is raised.

2. While the Conference was in session, (Oct. 1902) mention was made incidentally that a certain person (no name being given), had arranged to give \$10,000 as an endowment fund should a school be established by the Board at Columbia. At the time only one or two members of the Board knew the name of the person. Shortly afterward Mrs. Catherine Wilson died, and when her will was admitted to probate it was found that she had left an endowment fund to the Lindsey-Wilson Training School at Columbia, a sum of \$10,000, thus lacking \$1,000 of the amount that our informant thought had been given, and that had been incidentally referred to in the public meeting in Columbia. When the Board met in Columbia in December, 1902, the situation was canvassed among ourselves, and it was unanimously agreed that we would raise enough money by such methods as we saw open to us, as to bring the gift of the Wilson bequest, and it is our purpose to continue an agent in the field until such time as the full \$10,000 is secured.

Moreover, the Board hereby guarantees to pay the school at Columbia annually, beginning the day it opens, a sum equaling the interest at six per cent on any deficit that may exist in the Wilson bequest, until such time as the full amount of \$10,000 has been provided for the endowment.

In conclusion: On just such assurances as the foregoing, all our great educational enterprises in the Methodist Church have been built up. If the citizens of Columbia will co-operate with us, we will guarantee them a school of which they will be justly proud. Believing they will do so, we are:

THE EDUCATIONAL BOARD, L. C. W. F. LLOYD, SECRETARY.

Resolved, That the Board express its appreciation to the citizens of Columbia and Adair county, guaranteeing the amount received to secure the school, and believe that they will fully and faithfully carry out the purposes of the Board in securing this guarantee. They express also great satisfaction with the composition and personnel of the Building Committee, and especially do they wish to record their high appreciation of the enthusiastic interest of the people at large, and their liberality in subscribing and providing the means for establishing the school.

MR. W. J. ATKINS DEAD.

The people of Adair were greatly surprised last Wednesday morning as soon as the intelligence of the demise of the subject of this notice spread over the county. He was well-known to all the representative citizens of the county, and was a gentleman for whom every body had the utmost respect. He was a gallant Federal soldier during the war of the rebellion, serving in the 12th Kentucky cavalry. He entered as a private and for gallant services he was promoted to Lieutenant. As a soldier, he was loved by his comrades; as a civilian, he was a friend to everybody. He was perfectly devoted to his wife and children, who have just lost their father. He was a member of the Presbyterian church, and in the absence of a pastor, the funeral services were conducted by Rev. S. J. Shockey, of the Methodist church, many relatives and friends being present. After religious services the remains were interred in the family burying ground with the usual honors. For the wife and children the county is in sympathy.

Other features are "What the Baptists Are Doing to Better Mankind" and "How a Great City is Kept Clean." The Departments present all sorts of suggestions relative to spring cleaning, garden-making and such matters which are of timely interest to the housewife. The Athertonville correspondent to the Lebanon county Herald says: "The office of the distillery company at this place has had two additions to its force within the last month. Active preparations for the new bank building will begin in a few days and we trust that ere long the old unsightly tract now standing on the bank site will be razed to earth. We are glad that some of the stock holders of the institution, who live where public pride and the spirit of improvement predominate, have taken the matter into consideration. Give us more of Columbia's pride and public spirit, push and energy and less of the priggishness that usually characterizes men who boast of being the owners of their own fortunes and we will have a correspondingly better town.

The young folks participated in an old-fashioned candy pulling at the courthouse Friday night. The occasion was fraught with much enjoyment.
